Who are the Madow Brothers?

In 1989, Dr. David Madow and Dr. Richard Madow had a goal of helping their fellow dentists achieve success and happiness in their practices. Their newsletter, The Madow Brothers Monthly, is one of the most popular in the dental profession, and The Madow Brothers Audio Series is the number one distance learning program in dentistry!

But there is nothing like seeing The Madow Brothers live!

Dave and Rich have lectured to standing room only crowds in practically every major city in The United States and Canada.

Known for their hilarious, spontaneous style and content packed programs, The Madow Brothers have taught over ten thousand dentists and team members how to enjoy their careers, super charge their practices, define and create their own personal success, and have more fun than ever before.

The standing ovation they receive every time they speak proves that there is nothing like a Madow Brothers seminar!

“This is the first seminar I have ever been to that has incorporated great information and so much FUN!”
